The screenshot displays a presentation builder interface. On the right, a 'Sources' panel lists three items: 'Introduction of the presentation builder' (blue), 'presentation_builder_interface.pdf' (green, highlighted with a white circle and a plus icon), and 'Clear viewport' (dark blue). Below the list is a text input field containing the URL 'https://www.youtube.com/watch?v=ebJeW6CK--U'. On the left, a timeline is visible with a blue bar at the top showing '0:00' and a green bar below it divided into segments, with the number '1' in the seventh segment. A white arrow points from the plus icon in the green source item to a plus icon in the green timeline segment. A separate plus icon is located in a dark blue box at the bottom left.
